## CZAR AND EMPEROR

### WILL HAVE A CONFERENCE

Nicholas Leaves Suddenly on a Cruise to Meet Emperor William in the Finnish Gulf

St. Petersburg, July 23.—With a suddenness that was startling it was announced that the Czar had left Peterhof on the Imperial yacht "Polar Star" for the purpose of visiting Emperor William of Germany who is cruising in the gulf of Finland. Accompanying him was the Grand Duke Nicholas Alexander, but it is a significant fact that not a representative of the foreign office was aboard, which gives the impression that the trip was taken on the Czar's own initiative without consulting anybody. Reports from Paris say that speculation is rife as to the meaning of the conference, as it is thought the Morocco question will be discussed in connection with the position of France, the ally of Russia in the matter.

## LOCAL

—Mr. John Walters' steamer, the Strathcona, is expected to arrive this evening on the return trip from Fort Pitt.

—The base ball game to have been played with Fort Saskatchewan here tonight has been postponed until Friday evening.

—The service in All Saints church was conducted yesterday morning by Rev. Wilkinson, of this city, and in the evening by Rev. Cameron, a missionary from India. Rev. H. A. Gray was out of the city.

—The three boys who were implicated in the chicken stealing were handed over to the N.W.M.P. yesterday. Two little girls who had lost chickens were at the police station this morning trying to pick out their fowl.

—The subscription list for the building of the new Presbyterian mission church in the east end is progressing very well. Something like \$800 is already down, and prospects for much more are good. Anyone desirous of subscribing to this fund may give their names to Mr. Wilson, of Summerville & Sons, or to Rev. Dr. McQueen.

—At the police court on Saturday, Jas. Turnbull was fined \$10 and costs, \$14 in all, for taking six cows out of the pound. The moral is that it is dangerous to monkey with the poundkeeper. The case for non-support was dismissed, nobody appearing against him. Cairney was committed for trial at the next assizes, for theft. The real estate license case and that of allowing cattle to run at large comes up tonight.

—The city had men at work this morning moving the enclosures in front of McDougall & Secord's building, in conformance with the agreement by the contractors to accept twenty feet of the street allowance in lieu of one third of it which their permit allows them. The change will remove some of the blockade on the street and reduce the business inconvenience of the same. The arrangement is commendable on the part of the contractors.

—Macdonald Advance: A great deal is being said these days about having a non-party government in the new provinces. A very noticeable thing about this is that the agitation is being carried on by Conservative newspapers and by men who are announcing themselves here and there in the Province as non-party candidates for the local legislature but who are all Conservatives. The argument used by these, one and all, is of course that party government is bad, and that the progress and development of the province will be bettered by non-party government. This may be all right theoretically (though we doubt it) but of one thing we are satisfied and that is, that this Utopian theory is not now being worked by the Conservatives because they believe in it, nor because they think it reliable in the long run.

## JAPS LANDED TROOPS

### TO BESIEGE VLADIVASTOCK

Japanese Army Half a Million Strong Stretches in Crescent Form Across Corea

St. Petersburg, July 24.—It is officially announced that Japanese torpedo boats during a fog conveyed transports full of troops to a point north of Vladivostok and that a large number landed.

Tokio, July 24.—The Japanese army in Manchuria is at present in the form of a sickle with the handle at Liao Yang and the point of the blade reaching the east coast of Corea. The full strength is 500,000 men, 2000 mountain and field guns, and 200 siege guns, under Marshall Oyama.

## PIANO RECITAL

On Saturday evening, Messrs. Butcher & Publow held the first of a series of musical recitals in their new warerooms in the Fitzgerald block, a large audience listened to a most enjoyable program of piano, violin and harp music. The following is the program:

Banjo duet (1) "White Coons March" Payne; (2) "To the Front," Commauer—Messrs. Koop & Kelly.

Violin and piano, (a) "Intermezzo from Cavalleria Rusticana," (b) "Overture, 'Calph' from Bagdad," — Messrs. Storey and Richardson.

Piano, "Dance of the Sylphs," — Miss Grindley.

Banjo duet, "Mosquito Parade," Whitney—Messrs. Koop and Kelly.

Piano, "Robin's Return," — Miss McCrimmon.

Violin and piano, (a) "Cavatina" Raff; (b) "Gipsy Dance," Ernst. — Messrs. Storey and Richardson.

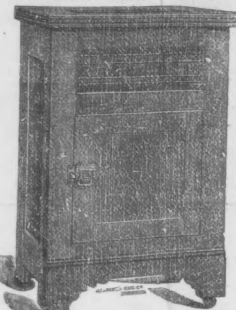

Banjo duet, "Bonnie Scotland," Kennedy—Messrs. Koop and Kelly.

Piano duet, — Mr. and Miss McCrimmon.

Violin and piano, "Blumenfeld," arranged by Treasot.—Messrs. Storey and Richardson.

God Save the King.  
W. A. Storey was the efficient accompanist.

## AS TO IMMIGRATION

In reply to an objection made by Hon. Geo. E. Foster to the expenditure on immigration, Mr. Oliver spoke as follows:

(Hansard report, July 12.)

The remarks of the honorable member (Mr. Foster) are quite appropriate. The fact that the immigration expenditure is increasing from year to year deserves careful attention, and I beg to assure the honorable gentleman that it will receive the most careful consideration at my hands. At the same time, the House and the country are aware that the campaign of publicity which was entered upon some years ago by the immigration branch of the Department of the Interior has been productive of very substantial results, results which are great materially, and morally as well. It is not so many years ago since the honorable minister himself, standing on this side of the House, would scarcely have used such sweeping commendation of the resources of Canada as he has used today, or if he had, would have received a very faint endorsement from the large majority of members from this House. The campaign of publicity entered upon by the immigration branch of the Interior Department some years ago has not only revealed Canada to the world, but it has revealed Canada to Canadians themselves, and has thereby been of great advantage to Canada morally as well as materially. And my honorable friend will understand that to undertake to lay down a contrary policy from that which has hitherto been followed is a serious responsibility not to be entered upon without most careful consideration, even by those who dissent from that policy, and still less by those who do not dissent from it. In regard to the character of the immigration and a possible change of direction of immigration effort, I think it is reasonable to say that as conditions change the direction of efforts may very well be changed also. In the days when the North West Territories of Canada did not attract even the attention of Canadians for settlement, it may have been necessary to look further afield for settlers than is necessary today, when the North West is attracting the attention of the people all over the world, the best people in the world. Under these circumstances, it is quite proper to consider the desirability of adapting our future efforts to the changed conditions; and while the same energy may be necessary in attempting to secure the best class of immigrants, the effort may very well take a different direction from what it did when the country was not so well known.

The policy of the Immigration Department, as I have understood it, has been to enter upon a campaign of publicity to get before the world the advantages of the North West as a field for settlement, to give the best possible facilities for the placing of settlers upon the land and for handling their dealings with the government to the best advantage to these settlers. That has been the policy of the department in the past. It is the policy which has been successful and it is the policy which will be pursued in the future. Attention to that policy in detail may be made according to changed conditions, but I think I may go as far as to say that it will be my effort to continue the vigorous campaign of publicity which has been carried on; and to carry on the system of facilitating settlement, the placing of settlers upon the land and providing all possible advantages in connection with their dealing with the Government. Whether it shall be necessary to still further increase the requests to Parliament for funds or not I cannot say. I am sure that while it is the desire of the Government, as it is the desire, certainly of myself, that all duties shall be discharged with every attention to economy and efficiency, I am still assured that the Government will not hesitate to take the responsibility of asking Parliament, and I am sure that Parliament will not refuse the request, if it shall be seen necessary to still continue the work, for a large

appropriation in the interest of immigration.

If we are to have publicity, if we are to have the handling of the facilities given to the immigrants, if we are to deal with them satisfactorily in the difficulties of their settlement, we have to have officials and we have to have money to pay these officials. It is not a question of how much money is required or how many officials are required. It is how much need there is for the money and how much need there is for these officials, how the officials conduct themselves. To quote a case in regard to a certain official or set of officials, is, it seems to me, a proper way to criticize the action of the Department. With that I have no fault to find, but on the general question of necessity of large expenditures, I am afraid that the time has not yet come when it is possible for the Government to declare that it will without further consideration, reduce or curtail to be reduced that expenditure. We still have large requirements, we have railways under construction and the success of these railway enterprises depends upon people settling on these lands at an early date. It is therefore necessary that if we slacken in our efforts it shall be not now, but in the future so that the best interests of the country shall not therefore suffer.

## GILPIN NEWS

Gilpin, May 12.—A very pleasant and enjoyable picnic was held at Mr. Dodge's on July 4th. Canadians and Americans united their efforts to make this, their first picnic, a success and they certainly succeeded, the success being attributed not only to the management committee, but also to all the visitors present, all of whom joined heartily in the several sports and amusements of the afternoon. The grove at Mr. Dodge's home proved an excellent spot for the event, as did also the neighboring grounds where baseball, football, croquet, etc., were indulged in, with keen friendly enthusiasm. A swing was provided for the children. A tug-of-war also created much interest.

After all had partaken of a free and bountiful supper, provided with excellent lemonade a program was rendered by all present. The following is a copy of the program:

- 1 "The Maple Leaf" by Miss G. Haggart.
- 2 Recitation by Edna Slowman "Daddy Frog".
- 3 Instrumental by Mr. V. Gilpin and W. E. McDonald.
- 4 Speech by Mr. McDonald.
- 5 Instrumental by Miss Bayhen and Mr. Ryan.
- 6 "My Country 'tis of Thee" Misses Astley and Haggart.
- 7 Recitation "How the Deacon drove the Calf" by Mrs. B. C. Gilpin.
- 8 Instrumental by Messrs. V. Gilpin and W. E. McDonald.
- 9 Speech by Mr. W. S. Bradley.
- 10 Song (Patriotic) by Mr. Wright.
- 11 Instrumental by Miss Bayhen and Mr. Ryan.
- 12 Recitation by Mary Rice "The Ship that brought Papa home".
- 13 God Save the King.

After the football game at the close of the picnic a football club was formed for the Gilpin district. The football team will be known as "The 49 Rangers". The officers of the association are as follows: President, Mr. W. Empey, vice-president, Mr. Jas. Hennessy, secretary, James Pickering, captain, W. E. McDonald.

Sixteen members joined the association and in five minutes time \$4 were collected as fees, showing true interest on the part of the boys in the district. Saturday evening was made the evening for regular football practice.

## FRIDAY'S BALL GAME

The Capitals were victorious on Friday evening, defeating Wetaskiwin by a score of six to five. The game was expected to be close and it attracted a large crowd.

It was not the fault of the umpire that Wetaskiwin did not win and his decisions gave general and continuous dissatisfaction to the local team and the spectators.

Wetaskiwin went to the bat in the first innings, and the first three men went down. Dahl at first base, Martin on a fly, and Nelson fanned out. Deaton came up for the home team but was caught on a fly. Castor hit a two-bagger, Till was struck out, but Bishopric pounded the ball far enough to reach second and let Castor home, scoring the first run. Maloney got to first, but Kinnear was struck out and the side returned. In the second Gouche came to bat for the visitors and got to first. Stokes made a two base hit and it looked like scoring, but Fowler was caught on a foul by Castor, who made a brilliant play in getting it. Felland fanned the air and Pittman died at first, letting the Capitals to bat. Hunt began with a two-bagger, but Milne was struck out and Vining was caught on a fly. Deaton hit the ball but Hunt was caught on third and the innings was ended a blank for both.

The third gave the visitors their first run. Barrett went to bat and sent the leather sphere over the heads of the long fielders down against the red stable. It was the only three base hit of the game. Dahl got to first and let Barrett home. Martin got a base on balls, but Nelson was caught on a foul by Castor; Gouche fanned out and when Stokes struck the ball Dahl was caught on third. The Capitals came to bat and in this innings won the game. Every man on the team had a try in the innings and four runs were scored. Castor got to first. Till hit to the short stop, who muffed and he got second. Bishopric was killed at first. Maloney made a one base hit and Castor got home. Kinnear fanned out, but Hunt made a two bagger and Till scored. Milne made a good hit and Maloney ran home. Vining made a hit good enough to give him first and Hunt the home plate. Deaton was caught at first and the side retired.

The fourth innings was a short one. Fowler and Felland were caught out in succession and Pittman followed by being caught on first. The visitors changed pitchers and the home team went to bat. Castor was killed at first. Till fanned out and Bishopric did not reach first in time.

The score of the fifth was also a cycle for both. Barrett went to bat for Wetaskiwin, and reached first, afterwards getting to second and third. Dahl went out at first, Martin got to first and stole second, but Nelson was killed at first and Gouche struck a long fly too near Till and the side retired. Maloney came to bat for the Capitals; he reached first, but was caught there later and in the umpire's opinion was out. Kinnear fanned the air, and Hunt got a base on balls, but in stealing second was caught.

In the sixth Stokes came up for Wetaskiwin and made first. Fowler got a base on balls, Felland hit for first and Stokes and Fowler got home. Pittman hit a foul and Castor connected with it, Barrett fanned out and the side retired. The score was now 5 to 3. Milne came up for the home team but was caught on a fly. Vining went to bat and the umpire called strikes on him, Deaton reached first but was caught off the base later.

In the seventh the visitors didn't last long. Dahl fanned out, Martin reached first, stole second, but was put out at third. Nelson got to first and stole second. Gouche hit a good fly, Till missed it but threw to third and put Nelson out. Castor took the bat for the Capitals and got to first on a dead ball. Till made a two-bagger, Bishopric was caught on a fly, but after the ball was caught Castor made the home plate, bringing the Capitals' score up to six. Kinnear was caught out on a fly and the side retired.

Stokes began the eighth for the visitors with a one base hit. Fowler got a base on a dead ball, Felland and Pittman were caught on flies. Barrett got a base on balls and the bases were full. Dahl made three efforts to hit, the catcher missed, but put Stokes out coming home. Hunt came up for the home team and went out at first. Milne also died at first and Vining fanned out.

Only the Wetaskiwin half of the ninth innings was necessary, though it looked at one time as though the

latter half might have to be played to break a tie. Martin took the bat for the visitors and the umpire gave him a base on balls. Nelson made a two base hit and Martin got to third. Gouche pounded the ball out, giving himself two bases and letting Martin and Nelson score. The score now stood 6 to 5 in favor of the home team. Stokes came to bat and was caught out. Fowler and Felland followed and were both put out at first, ending the game with an innings to spare.

The score by innings was as follows:

## CRICKET

The Edmonton team was badly beaten on Saturday by the All Comers, the totals being 53 and 91 respectively.

For the winning side Judge and First were conspicuous with the bat. The partnership of the latter with Nield yielded 40 runs. The Edmonton fielding was very loose, and their batting was very inefficient.

A large number of spectators were present; tea on the ground being much appreciated.

—A general meeting of the base ball club will be held in McLaughlin & Secord's office tomorrow evening at 8.30.

—On Saturday morning last Mr. A. W. Wilson of Red Deer shot a fine black bear on the ranch of Wilson Bros. four miles from town. The beast was attracted by a berry patch there. Mr. Wilson finished his work in one shot. The bear weighed about 200 lbs. being a fine specimen.

—Moose Jaw Signal: Two carloads of poles have arrived for the long distance telephone line to be built between here and Regina. The poles will be placed along the telephone line this week or next. An outfit is preparing to commence work at the telephone line at once.

—Alberta Advocate: We take strong exception to the flaring and sensational headlines used last week by the Calgary Herald when reporting the storm which crossed a portion of central Alberta. There was no cyclone, or tornado, at or near Red Deer last Monday. There was a thunder storm with heavy rain. There was also west of Penhold and passing east a severe hail storm which did considerable damage in its belt. There was at Pine Lake a small "twister," a squall, of the nature of a tornado which unroofed one building. But Pine Lake is nearly 20 miles away, and is nearer to other towns than Red Deer. But to use the words "cyclone," is both foolish and utterly misleading. Cyclones are generally experienced in the Chinese sea, and a cyclone may be described as a hurricane travelling round a circle often of large diameter with a calm centre. We have not heard of a shingle being moved in Red Deer upon the occasion referred to. To suffer as so many have done with their growing crops is bad enough, but we protest in behalf of this town, and moreover on behalf of Alberta, against the wild, sensational, and absolutely incorrect statements, calculated to do our country injury in other parts, where the sensationalism generally grows as it is repeated.

—A brutal assault committed under the guise of a holdup was perpetrated Wednesday evening last at Crow's Nest. The victim was George Hales, C. P. R. agent at Crow's Nest station, who had his head brutally kicked and beaten by two thugs. According to the story told by the victim, Hales had been fishing and was returning to the station in the evening, when he met two men on the railroad track. One accosted him with the inquiry as to how he had found the fishing. Hales was unassuming and started to reply, when both men suddenly grabbed him and demanded that he "dig up". Without, however, waiting to allow Hales an opportunity to comply with the demand, the two men commenced beating him. They bore him to the ground and alternately beat and kicked him in the face and on the head until he was nearly insensible, when they left him at the foot of the grade and made off. When Hales recovered sufficiently to proceed, he made his way to the station and wired to Michel for assistance. Hales had considerable money and a gold watch on him at the time, yet no attempt was made to take them.

## EARN A Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very profitable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens. You cannot raise chickens successfully with a setting hen. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

It will pay you to own a Chatham Incubator. Chatham Incubators contain every improvement of importance in incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, case within case. Between these walls mineral wool is packed, forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

## No cash to pay until October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you until next Fall. That means that you can take off seven or eight hatches and make considerable money out of the incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We make it to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our Incubator will give. Every one who has put out so far has been successful in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you. You make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer you get it cheaper. Could any offer be fairer or more generous?

Write us today for full particulars of our offer and mention this paper. Don't put it aside for another time as this special proposition may be withdrawn at any time.

burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicureagua district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

## BALFOUR HANGS ON

London, July 22.—Balfour will not resign. He had an interview with His Majesty concerning his defeat in the House.

## BOMBARDED THE SULTAN.

Constantinople, July 22.—An attempt was made on the life of the Sultan yesterday. A bomb exploded close to His Majesty. He was uninjured, but several members of the suit were killed and injured.

## LOCOMOTIVE EXPLODED.

Woodstock, July 22.—A locomotive exploded here, fatally injuring brakeman Hutchinson and terribly scalding Fireman Marshall.

## MAJOR WALSH'S CRITICAL CONDITION.

Brookville, July 22.—The condition of Major Walsh is critical and relatives have been called to his bedside.

## BALL GAMES.

Winnipeg, July 22.—Baseball scores, Winnipeg 8, Crookston 2; Duluth 7, Fargo 1; Grand Forks 6, Superior 1.

## ANOTHER WINNIPEG DROWNING.

Winnipeg, July 21.—Another drowning today occurred at Loonie bridge, within station Sunday, when James Hunter lost his life. The authorities are in denunciation of the authorities for not providing proper life preserving facilities. The coroner refused to view the body as the undertaker snatched it before the coroner arrived on the scene.

## POLICE PATROL REPORTS.

Ottawa, July 24.—The Mounted Police Department has received a telegram stating that the police patrol opening up an overland route between Edmonton and the Yukon has reached St. John. They expect to get as far as Fort Graham this winter and will reach Lake Teslin next year.

## FORTY VICTIMS BURIED.

Sandiego, July 24.—Amid impressive ceremonies yesterday, forty bodies of men killed by the explosion on the U. S. gunboat Bennington were laid to rest in the little military cemetery at the point overlooking Sandiego bay in which many of the nations heroes are buried.

## BALL GAMES.

Winnipeg, July 24.—Baseball scores, Saturday—Winnipeg 8, Crookston 5; Duluth 11, Fargo 2; Superior 1, Grand Forks 4. Sunday—Fargo 7, Duluth 1; Grand Forks 10, Superior 1.

## C.N.R. GRADED IN TWO MONTHS.

Contractor Kerwan, on the C. N. R., has moved from fifteen miles west of Vegreville to twelve miles east of Fort Saskatchewan. He has about a dozen teams in his outfit and is grading a two mile section east of the Fort and when he completes it, will move west of that town to another section.

Contractor McArthur's camp "five" has also moved up from near Vegreville to the vicinity of the Fort with his gang of men.

Contractor Richards with twenty teams is working fourteen miles east of Fort Saskatchewan now, and the grading is being pushed forward at a rapid rate. It is generally expected that the road will be graded right into the city inside of two months.

The preliminary work on the bridge at the Fort is under way at the present time.

## SUNDAY'S STORM.

Quite a heavy electric storm, accompanied by rain and hail, passed south of the city about noon yesterday. Only the fringe of it touched here and very few hailstones fell in the city. At Leduc it is said, the hail came down with considerable force, breaking windows and doing considerable damage.

At Cooking Lake, the campers had the comforts of a summer outing pretty well pelted out of them by hailstones, and soaked out by rain.

The storm in the evening struck the city fairly. The rain came down as though the clouds had yawned and let it go. The wind blew with great force for a while. It levelled the smoke stack on the bottling works and that at the gas well. A sign opposite the Grand View hotel came down and some of the loose cornice on the Hudson's Bay Company's new store found a resting-place in the middle of the street. The flag pole at the high school was also down.

A small building under course of erection on Second street east, was blown down and a new wagon in front of the Great West Implement Company's warehouse was picked up and thrown with the front wheels off the sidewalk. No damage of any extent or consequence, however, was done.

## BY-LAW No. 27

By-law to provide for the raising of the sum of \$3500.00 for the building of an Isolation Hospital in and for the City of Edmonton.

WHEREAS by the City Charter the City of Edmonton is authorized to pass by-laws for the peace, order, good government and welfare of the City of Edmonton;

And WHEREAS every by-law for the acquiring, building, carrying on, constructing, leasing, extending, maintaining, managing or operating and acquiring sufficient land for the convenient carrying of, amongst other things, hospitals, shall before the final passing thereof receive the assent of a majority of the burgesses voting thereon in accordance with the provisions of Title XXIV.

AND WHEREAS the Council of the said City of Edmonton have made arrangements to use, for the purpose of an Isolation Hospital part of the Public Hospital grounds;

AND WHEREAS the Council deems it expedient to construct an Isolation Hospital on the said grounds at a proposed cost of \$3500.00.

AND WHEREAS it is expedient to enable the Council of the City of Edmonton to raise by the issue of debentures a sum not exceeding \$3,500.00 to be expended as aforesaid.

AND WHEREAS it is expedient that the said sum of \$3,500.00 should be borrowed by means of the issue of debentures of the City for that amount, and that the said sum should be payable during the term of ten years from the date of the debentures to be issued therefor, and should bear interest at a rate not exceeding five per cent. per annum, and should, as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principle and interest shall be equal in each year of the said period of ten years, or (2) in such manner that the principal shall be paid at the end of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually;

AND WHEREAS the amount of the whole rateable property in the City according to the last revised assessment roll is \$3,959,648.00;

AND WHEREAS the total amount of the existing debentures debt of the City, exclusive of local improvement debts secured by special assessment is \$401,092.28 of which no part is in arrears;

AND WHEREAS it is expedient that this by-law should take effect on the day of the final passing thereof;

NOW THEREFORE the Council of the City of Edmonton duly assembled enacts as follows:

1 The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to borrow for the purposes aforesaid, in the name and on behalf of the City a sum or sums not exceeding in the aggregate the sum of \$3,500.00 and to issue one or more debentures of the City for such sum or sums so borrowed.

2 The said indebtedness shall be paid and the said debentures shall be made payable during a period of ten years from the date of the issue of such debenture or debentures and shall bear interest at a rate not exceeding five per cent. per annum, and shall, as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of ten years, or (2) in such manner that the principal shall be paid at the end of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually.

3 During the currency of the said indebtedness, there shall be raised annually by special general rate on all the rateable property in the City at the same time and in the same manner as the ordinary general city taxes, a sufficient sum to meet the amount of the annual instalment of principal and interest or the amount of the equal annual sinking fund and interest as the case may be, payable in each year in respect of the said indebtedness.

4 This By-Law shall take effect on the final passing thereof.

5 The votes of the burgesses for and against this By-Law shall be taken at the Council Chamber in the City of Edmonton on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m.

6 George Johnston Kinnaid, Secretary-Treasurer of the City, is hereby appointed Returning Officer, and Kenneth Collins, Deputy Returning Officer, to take the votes at the place and time aforesaid.

The said Council Chamber at the hour of 11 a.m. of the 12th day of August, 1905, is hereby fixed as the time when and the place where the Mayor will be present and will make all such proper appointments as he may be requested to make of persons to attend at the polling place and at the final summing up of the votes by the said Secretary-Treasurer on behalf of the persons interested

in promoting or opposing the passing of the By-Law.

8 The said Council Chamber at the hour of 5.30 p.m., of the said 14th day of August, 1905, is hereby fixed as the place and time where and when the Secretary-Treasurer shall sum up the number of votes given for and against this By-Law.

PASSED PROVISIONALLY IN Council this 14th day of July, 1905.

K. W. MacKENZIE, Mayor.  
GEO. J. KINNAIRD, Secretary-Treasurer.

PUBLIC NOTICE IS HEREBY GIVEN that the above is a true copy of a proposed By-Law which has been introduced and which may be finally passed by the Council (in the event of the assent of the burgesses being obtained therefor) after one month from the 17th day of July, 1905, being the date of the first publication of the said proposed By-Law in the Edmonton Bulletin, a newspaper published in the City of Edmonton, and that the votes of the burgesses shall be taken upon the said proposed bylaw on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m. at the Council Chamber, Edmonton.

GEO. J. KINNAIRD, Secretary-Treasurer.  
July 17-24-31.

## MARTINS

Martins, July 15.—Beautiful thunder showers have lately brought back pleasant smiles on the faces of our farmers. Grain is heading out.

Mr. Kjosmen's auction sale was a splendid success. Things sold at a very reasonable figure.

There will be a picnic on the new town site, north of Vegreville on the nineteenth of July. A good time is expected.

Grading on the C.N.R. is being rushed at a rapid rate. Several outfits have moved lately, some west and some east of Vegreville. The most of the heavy work is done east.

The fourth of July celebration at Martins was a splendid success socially as well as financially. The sports were not only interesting but at times exciting, the horse racing, jumping and tug-of-war could be classed in the latter as rather exciting, especially the final special race. The ladies are to be congratulated on the way they handled the lunch tables. The dance was everything desirable and lasted until "old sol" made his appearance in the morning.

The Martins orchestra get the credit for the success of the dance. We understand everybody had a good time and went home quite satisfied and we are pleased to know you were.

## LOCAL

—Wetaskwin Liberals meet tomorrow evening to discuss Provincial political affairs.

—Father Ouellette came in from Montreal on Saturday to take charge of the Beaumont parish.

—The attraction program of the Winnipeg fair is being distributed. The fair began last Thursday.

—The baseball teams of the Baptist and Methodist churches play on the Second street grounds tomorrow evening.

—Father Jan went to Fort Saskatchewan on Saturday to visit Chas. King who is under sentence of death for murder.

—Lacrosse practice on the football grounds tonight. Every member of the team is requested to be out. Tomorrow evening the team goes to Strathcona to play another league match.

—The monthly meeting of the Women's Foreign Mission Society, of the Presbyterian church, will be held this (Monday) afternoon at 3 o'clock. Mrs. Forbes, of Fort Saskatchewan, will give an address and the proceedings will be of particular interest.

—The E. Y. & P. train did not get to Strathcona this morning. A washout was found near Vogel's slaughter house. A telephone message was sent to Strathcona and busses went down and conveyed the passengers to the C. & E. station.

—Three large lots of furs are daily expected in from the north country. They are owned respectively by Bredin & Cornwall of Lesser Slave Lake, Colin Fraser of Chippewyan and Ben Hurst of Fort Smith. The value of the lot will be in the neighborhood of \$100,000.

—At the Presbyterian manse on Saturday afternoon Mr. Frank G. Garbe of Strathcona, and Miss Mary Evelyn Evans of the same place, were joined in the sacred bonds of marriage by Rev. Dr. McQueen. They were supported by Mr. Andrew Davidson and Miss Margaret Evans, both of Strathcona.

—"The Wife" will be the first production given by Clara Mathes and her company, who will make their first appearance in Edmonton for over two years. The engagement is for two weeks commencing this evening. The Calgary Albertan says of "The Wife" "It was slated as \$1.50 attraction and was well worth the money."

—Mr. D. D. Mann, vice-president of the Canadian Northern Railway, has purchased the St Leon Springs property including the hotel situated thereon. Although the purchase has been made by Mr. Mann in his individual capacity, it is understood that the Great Northern Railway will own it sooner or later and that the springs will be connected with the railway by an electric line six miles in length.

—In All Saint's school room this evening a meeting will be held for the purpose of discussing the formation of a boys' brigade. A cordial invitation is extended to the boys of various denominations in the city to be present and any gentlemen who are acquainted with the movement. The boys' brigade is now a well known and successful organization throughout the cities of Ontario, from a disciplinary as well as a social and religious point of view. If organized and efficiently maintained in Edmonton, excellent results would be sure to follow.
